FURKAN KAPUKAYA

SOFTWARE DEVELOPER

ABOUT

I am open to self-improvement, aiming to gain experience and benefit myself and the company I work for. I am a person who adapts to teamwork, is problem-solving oriented, fast and unyielding, follows new technologies and tries to transfer what I know. I want to take responsibility in every field and show myself in the company I have worked for many years.

EDUCATION

Anadolu University - Management Information Systems

2022 - CURRENTLY

I plan to complete my undergraduate education with DGS and I am working to improve myself in my field.

Kırklareli University - Computer Programming

2019 - 2021

I completed my degree with 3.55/4 GPA.
I provided volunteer support at the Artificial Intelligence Workshop. I learned C#, Python, Java, PostgreSQL, MSSQL, PHP, HTML and CSS technologies at a basic level.
